

SJS Consulting

SJS Consulting is a recruitment company dedicated to putting candidates and clients at the core of their business. Specialists in the UK FMCG industry, they stand out for being passionate and committed in a competitive market.

SJS value their own employees as highly as the candidates they place, so they've chosen happypeople from PES as their benefits solution. Employees enjoy a flexible benefit fund as well as a range of great products.

What did SJS want to achieve?

Back in 2015, the business already provided some benefits but had clear development goals. They wanted to:

- attract and retain the best talent for their continued growth
- offer a 'gold standard' benefits scheme
- increase the benefit offering to demonstrate how much their team were valued
- work with a provider who could manage pensions auto enrolment alongside scheme administration
